

JACKSON SHELLEY

WEB DEVELOPER

ABOUT ME

I am a student at The Center for Advanced Research and Technology (CART) with experience in building and designing responsive websites using VS code. I like to be creative and experimental with what's available. I'm looking for an opportunity to use and improve my skills in web development in a professional setting.

EDUCATION

Expected Graduation:

Center for Advanced
Research & Technology

2025-2027

Clovis North High School

2023-2027

EXPERIENCE

Lego Website

- Created a **2** page Lego website where users can post and share their own creations
 - The wireframing was done in **Figma**
 - **HTML** and **CSS** was done in **Visual Studio Code**, strengthening skills in HTML and CSS

FCZ Enrichment Website/App

- **Collaborated with 4 other web developers** and the Fresno Chaffee Zoo to create a new animal enrichment website/app, improving collaboration & teamwork skills
 - **Figma** was deployed for the prototyping
 - Currently waiting to going on to the actual coding in **Visual Studio Code**

EECU BUDGET CALCULATOR

- Made a budget calculator for the EECU where users choose their career and then find out how much of their how much of their money they get to take home after taxes, improving skills in coding
 - Prototyping was done in **Figma**
 - Used **HTML** and **CSS** for the layout and formatting, and then used **Javascript** for the functionality

Pool Cleaning

- Cleans backyard pool on weekends
- Maintains pool PH and other values
- Sweeps sides and bottom of pool
- Removes debris from water
